Q4 2019 Restated Interim Report

Reference is made to Gaming Innovation Group Inc.'s ("GIG") Q4 2019 Interim Report, announced on 14 February 2020. The condensed consolidated statements have been restated due mainly to a re-evaluation of GIG's investment in an available for sale asset downwards by EUR 1,379K based on additional market value information that became available after the issuance of the Q4 for the year 2019. Such restatement affected GIG's comprehensive loss reported for the fourth quarter 2019 and the full year 2019. In addition, there has been some other immaterial reclassifications and year end audit adjustments.

The restatements have no material impact on GIG's operations, revenues, operating expenses, EBITDA or cash generated from operations. As stated above, the restatements did however increase total comprehensive loss by EUR 1,365K for the fourth quarter and full year 2019.

The available for sale assets is a minor shareholding in the payment provider Easy Payment Gateway Ltd. ("EPG") where an agreement has been entered into in April 2020 to sell the company to third parties. The sale is subject to final due diligence and GiG expect the transaction to be completed in Q2-2020. GiG paid GBP 500k for the shares in EPG in 2015, and will receive a cash consideration of around EUR 568k for its shares when the transaction is completed.

Attached are the restated condensed consolidated statements of operations and restated condensed statements of cash flow for the fourth quarter of 2019 and for the full year 2019 and the restated condensed consolidated balance sheet as of 31 December 2019. The B2C segment is shown as discontinued operations in accordance with IFRS 5.
